

Oak Park Avenue work starts June 10

Posted: June 9, 2025

The Village has contracted with PT Ferro to resurface Oak Park Avenue from South Street north to 173rd Street beginning Tuesday, June 10. Work will include sidewalk and curb replacement, as well as roadway milling and resurfacing. Oak Park Avenue will remain open to traffic during construction, with turn lanes acting as main lanes and flaggers directing motorists. Work is slated to last through July 18.

As part of the project, North Street at Oak Park Avenue will be closed starting at 7 a.m. Wednesday, June 11. Commuters will be able to access the Metra parking lot using the entrance on the east side of North Street. Motorists will be able to detour using 172nd Street to 67th Avenue to North Street. Work will last 7 to 10 days, depending on weather.
