To:	Pat Carr – Village Manager John Urbanski – Public Works Director
From:	Kyle Vester – Village Engineer
Subject:	Approve an Amendment to the Agreement with the Metropolitan Water Reclamation District of Greater Chicago (MWRD) for Brookside Creek Retail Center

Prepared for the Committee of the Whole and Village Board Meetings on November 4, 2026 for consideration and possible action.

Background: In 1977, the MWRD Board of Commissioners (MWRD Board) authorized the negotiation of an agreement between the District and the Village of Tinley Park (Village) to use the District's collection and treatment facilities.

In 1978, MWRD entered into an Agreement with the Village to use the District's facilities for sewage and industrial wastes originating on and discharging from an area of land consisting of approximately 1200 acres of property bounded by 191st Street, 183rd Street, Harlem Avenue and 80th Avenue located in in Will County.

In 1991, the MWRD and Village Boards authorized execution of an amendment to the agreement entitled "Settlement Agreement", which clarified payments made under the original Agreement.

In 2004, the MWRD and Village Boards authorized an amendment to the agreement entitled "Amendment to Sewer Service Agreement", which added approximately 8.66 acres of property that was inadvertently omitted from the service area.

In 2011, the MWRD Board authorized an amendment to the agreement entitled "Third Amendment to Sewer Service Agreement with Tinley Park, Illinois" ("Third Amendment"), which identified the responsible party for certain pretreatment program responsibilities and obligations per USEPA requirements. The Village authorized the same in 2012.

The Village Board previously approved Staff to negotiate and execute an Amendment to the Sanitary Service Area with MWRD at the July 21, 2026 meeting.

Description: The Village negotiated with MWRD to serve Brookside Creek Retail Center as modified by the Third Amendment to include the property within the Village in Will County that is bounded by 191st Street, 76th Avenue and Harlem Avenue, extends approximately 1320 feet south of 191st Street, and has a property area of approximately 72 acres ("Property"). The amendment allows sewage and industrial wastes originating on the Property to be serviced by MWRD's collection and treatment facilities. The expansion requires payment of $7500/acre with 40% due upon approval and the remainder due prior to putting the new sanitary into service. The total amount due is $540,000 with $216,000 due now and the remaining $324,000 due next year after construction of the new sanitary for Brookside Creek Retail Center.

It is requested that the Village Board approve the Fourth Amendment to the Agreement with MWRD.

Staff Direction Request: Approve the Fourth Amendment to the Agreement with the Metropolitan Water Reclamation District of Greater Chicago.

Subject: Downtown Parking Ordinance Adjustment

Presented at the Committee of the Whole on September 15th and Village Board Meeting on November 4th, 2026 for consideration and possible action.

Scope of Work: Addressing parking concerns surrounding the downtown area.

Background: Since the summer of 2025 the increase in traffic flow through the downtown area during events have presented public safety concerns. Parking on both sides of the road during downtown events has raised questions about passage through Village streets for emergency personnel. Due to these issues over the past several months members of various Village departments have held internal discussions on how best to address these concerns. After reviewing existing ordinances, it was determined by staff that many of the current streets listed in Schedule I and II of Chapter 79: Parking Schedules within the Village Code of Ordinances need adjustment. Many of the areas referenced in the Parking Schedules go back nearly fifty years when the concern at the time was commuter parking for the Metra scattered throughout the neighborhoods to avoid using commuter lots. Staff have offered recommendations to better reflect the modern conditions of the revitalized downtown area. Village staff have presented these recommendations to the Village Attorney for mark-up.

Description: Recommendations include the following: “No Parking Hydrant Side during Events” and various small changes as reflected in Exhibit A. Enforcement of “No Parking Hydrant Side during Events” would only apply when signs are open and visible to the public.

Staff Direction Request: Approve staffs’ recommendation to changes of “Chapter 79: Parking Schedules” as presented in Exhibit A.
