Interoffice Memo

Date: January 29, 2026

To: Patrick Carr, Village Manager

From: Angela Arrigo, Assistant Village Manager/HR Director

Subject: MGT Leasing Agreement – Finance Director/Asst Finance Director Professional Services

Over the last 9 months, Scott Bordui, CPA, CGMA has served as the Temporary Assistant Finance Director overseeing the day-to-day operations of the finance department. Scott is a retired municipal Finance Director with over 30 years of professional experience and a former President of the Illinois Government Finance Officers Association (IGFOA). His professional experience spans the accounting function and includes debt management, economic development, strategic planning, and financial operations.

During the ongoing executive recruitment search for the next permanent Finance Director, it is recommended that an updated engagement with MGT Impact Solutions, LLC is considered to for a period of 12 months that will include continued placement of Scott Bordui. Scott would serve in an Interim Finance Director role until a permanent Finance Director is hired and then Scott would transition to a Temporary Assistant Finance Director role to continue to support the finance department.

The anticipated 12-month engagement has a total estimated cost of approximately \$275,000. The funding for this leasing arrangement is available based on anticipated FY26 budgeted funds for the vacant finance positions and continued vacancies into FY27. We are requesting authorization of up to a maximum of \$275,000 over the next 12 months.

Interoffice Memo

Date: January 28, 2026
To: Village Board of Trustees
From: Allison Tugend, Senior Finance Clerk
Subject: Tobacco License Cap

The Village of Tinley Park is amending its tobacco license code to reduce the total number of available tobacco licenses. This change applies to both **Class A** and **Class B** tobacco licenses.

Class A currently holds **25** available licenses and that will decrease to **19**.

Class B currently holds **11** available licenses and that will decrease to **9**.

Interoffice Memo

Date: February 3, 2026

To: Committee of the Whole

From: Pat Carr, Village Manager

Subject: South Suburban Mayors and Managers Association Renewal

We would like to discuss with the Committee the renewal of our membership dues, in the amount of \$30,416.00, to South Suburban Mayors and Managers Association (SSMMA). SSMMA works with local, state and federal government to secure resources, spur investment and economic growth, and rebuild infrastructure.

In the past, SSMMA has been instrumental in helping us secure funds for Village capital projects and has kept us informed of available grant opportunities and upcoming legislation.

Interoffice Memo

Date: January 22, 2025
To: Committee of the Whole
From: Michael J. Coleman – Community Development Director
Subject: New Community Development furniture cubicles – Phase 2

BACKGROUND

The Community Development Department has a very restricted and internally tight walking area around some stations by the Permit Clerks. The Permit Clerks are running out of room for flat surface area and some desks are in disrepair that we cannot fix nor have the appropriate parts to renovate. The department is expanding based on the demands of a growing population and larger number of permits being submitted. The stations are 20 - 25 years in age and have cracked partitions, glazing and some of the surface material (laminate) is coming off the surface. The proposed layout will provide four equal cubicles with high visibility to the front counter via glazing panels. Each permit clerk station will become 25% larger with the new layout and the removal of a cut-through access aisle of which separates the permit clerk's cubicles presently. The four cubicles are equal in size, amenities, lighting, power and surface area of which is more than the present cubicles in use.

Area "A" Picture #1

Area "B" Picture #2

This area after field measurement, will have the same four cubicle layout as the mentioned above Area "A". The use of the same configuration reduces the cost per station considerably as the same parts will be manufactured together for all eight cubicles and the construction of the stations can be performed in less time. This area will have four cubicles incorporating the Assistant to the Community Development Director adjacent to his office and two Building Inspectors directly adjacent to the Code Enforcement Officers so all inspectors can communicate with ease. This four-cubicle set up will also have one vacant station for future expansion.

The cost as estimated via proposal by Warehouse Direct Office interiors dated January 19th, 2026 is \$41,705.06 for the two stations of 8 cubicles mentioned above. (Area "A" & Area "B") (Proposal attached)

Please note, these estimates include the built electrical receptacles and phone connections required for communication and power for the prefabricated office cubicles.

BUDGET ALLOCATION

2025 C.D. Budget for office and cubicles:	\$200,000.00
Previous invoice for Phase 1 (2 Stations) (6 desk)	\$46,348.26

Remaining balance within budget item #30-75128	\$153,651.74
Proposed total cost for two identical stations (8 desk):	\$41,705.06 (See proposal)
Remaining balance for additional upgrades:	\$111,946.68 (55% of remaining budget)

BENEFITS

The addition of the two stations for a total of 8 cubicles will match the existing Phase 1 stations in terms of design, size and complexity. The 8 new cubicles will provide a larger matching desk for all staff members with more ample area for storage, incredibly better electrical connections within the prefabricated partition (eliminating dangerous extension cords) and low voltage connections. This will provide a visually new updated work environment within the C.D. department that is more efficient for staff. C.D. staff is incredibly supportive and extremely positive about the moves and are excited for the updated stations.

Current staffing is:

Administration: 2 staff members

Building division: 10 staff members

Planning division: 4 staff members

Total current Community Development staffing: 16 staff members

Current stations: 14 stations + 2 private offices + 1 semi private office = 17 total desk for staff.

Of the 17-total desk, 1 desk is presently vacant for 1 additional staff member.

STAFF RECOMMENDATION

Staff requests consideration for recommendation to the Village Board for the purchase of the 2 stations (4 desk each) for a total of 8 cubicle desk stations in the Community Development Department. Staff is prepared to present this item to the Village Board.

Overnight Parking Policy Summary

There is a significant overuse of the overnight parking allowance by a number of residents, with some individuals exceeding 100 overnight parking requests per year. Many residents neglect to follow the policy by not requesting permission to park on the street. This pattern indicates abuse of the current policy and highlights the need for stronger controls, clearer limits, and better enforcement tools.

Current Ordinance

§ 73.09 ALL NIGHT PARKING.

It shall be unlawful to park a vehicle on any street within the village between the hours of 2:00 a.m. and 5:00 a.m. on any day of the week.

Proposed Ordinance

§ 73.09 ALL NIGHT PARKING.

It shall be unlawful to park a vehicle on any street within the village between the hours of 2:00 a.m. and 5:00 a.m. on any day of the week. The provisions of this section shall not apply to residents who submit an approved request to the police department for permission to park on village streets necessitated by unexpected circumstances such as driveway repairs or overnight guests. Residents may be permitted no more than ten (10) nights of overnight parking exceptions per calendar year per address, unless prohibited by other sections of the Code. Violators may be issued a ticket and shall be subject to fines for each night exceeding the maximum number of nights permitted.

Fine Increase from \$25 to \$50

Proposed Options and Improvements

- Allow residents to purchase a limited number of additional overnight parking days (5–10 maximum) for a fee of \$5–\$10 per day.
- Provide a printable temporary parking decal to be displayed in the vehicle windshield to reduce complaints and improve enforcement clarity.
- Implement system controls to prevent abuse, including:
 - Automatically blocking additional requests once a vehicle or household reaches the maximum allowed days.
 - Tracking usage by license plate and household address.
 - Flagging repeat or excessive users for administrative review.

Key Takeaway

Discuss implementing purchase limits, visible permits, and automated system restrictions to increase fairness, reduce complaints, and prevent ongoing abuse of the policy.

Interoffice Memo

Date: January 26, 2026
To: John Urbanski, Public Works Director
From: Joe Fitzpatrick, Water & Sewer Superintendent
Subject: Sanitary Sewer Rehabilitation Program

Presented for the February 3, 2026 Committee of the Whole and February 17, 2026 Village Board consideration and action.

Description: This project consists of epoxy lining eighty-five (85) sanitary sewer structures which will be approximately one thousand two hundred (1,200) vertical feet. The project will take place in the area between 178th Street and 179th Street, east of 94th Avenue.

Background: Reports for the previous year's smoke testing and manhole inspection project, showed this area has noticeable amounts of inflow and infiltration. Lining the manholes will prevent inflow and infiltration of any ground water into the sanitary sewer system. Lining the manholes also helps prevent hydrogen sulfide gases from deteriorating the concrete. This project coincides with the Inflow and Infiltration Control Program (IICP) established by MWRD. This project was bid out as a base bid plus two alternates. Public Works recommends awarding base bid plus both alternates.

The following bids were received at the bid opening held on January 23, 2026, with the Deputy Clerk, consulting engineer, and Water & Sewer Department present. The following bids were received:

<u>Contractor:</u>	<u>Bid Amount:</u>
Visu-Sewer	\$412,025
Hoerr Construction	\$426,615
Structured Solutions	\$459,325
KIM Construction	\$630,090
Insituform Technologies	\$683,050
National Power Rodding	\$864,375

Budget/ Finance: Funding in the amount of \$412,025 is available for use in the Operating and Maintenance Budget.

Staff Direction Request: Approve awarding the contract for sanitary sewer rehabilitation program to Visu-Sewer in the amount of \$412,025.

Subject: 2026 Sewer System Rehabilitation Program
Engineer's Award Recommendation
(CBBEL Project No. 160373.00002)

Dear Mr. Fitzpatrick,

On Friday, January 23, 2026 at 10:00 a.m. bids were received and opened for the 2026 Sewer System Rehabilitation Program. Six bids were received for this project. Christopher B. Burke Engineering, Ltd. (CBBEL) has reviewed the bid proposals, and all documents were in compliance with Village requirements. The project consisted of a Base Bid and two Bid Alternates. The Base Bid consisted of approximately 650 vertical feet (VF) of epoxy manhole lining, Alternate 1 consisted of approximately 230 VF of epoxy manhole lining, and Alternate 2 consisted of approximately 375 VF of epoxy lining. The bid results have been reviewed and are tabulated below:

CONTRACTOR	BASE BID	ALTERNATE 1	ALTERNATE 2	BASE BID + ALT. 1 & 2
Engineer's Estimate	\$326,000.00	\$116,200.00	\$180,000.00	\$622,200.00
Visu-Sewer of Illinois	\$236,275.00	\$78,100.00	\$97,650.00	\$412,025.00
Hoerr Construction	\$229,300.00	\$79,290.00	\$118,025.00	\$426,615.00
Structured Solutions	\$244,750.00	\$83,950.00	\$130,625.00	\$459,325.00
Kim Construction Company	\$329,200.00	\$114,640.00	\$186,250.00	\$630,090.00
Insituform Technologies	\$360,500.00	\$150,800.00	\$171,750.00	\$683,050.00
National Power Rodding Corp	\$456,250.00	\$158,750.00	\$249,375.00	\$864,375.00

It is CBBEL's understanding that the Village would like to award the Base Bid, Alternate 1, and Alternate 2. Visu-Sewer of Illinois, LLC is the low bidder for the combination of the Base Bid plus Alternate 1 and Alternate 2 with a total bid amount of \$412,025.00. We have reviewed Visu-Sewers' bid document and find it to be in order.

Therefore, we recommend awarding the 2026 Sewer System Rehabilitation Program to Visu-Sewer of Illinois, LLC in the amount of \$412,025.00. The bid tabulation is enclosed for your reference. If you have any questions, please do not hesitate to contact me.

Sincerely,
