Tinley Park Public Works Director resigns

The Village of Tinley Park on Monday accepted the resignation of Dale Schepers as director of the Public Works Department. Schepers has served as Public Works Director since 2004.

“Dale came to the decision that it was time to move on, and we agreed with and supported his decision,” said Tinley Park Village Manager Dave Niemeyer.

Assistant Village Manager of Administration Steve Tilton will manage the day-to-day operations of the department while the Village identifies an interim director. This interim director will provide short-term leadership while the Village conducts an extensive search for a permanent replacement.

“Our primary goal moving forward is to hire a dynamic and decisive leader who will address the present needs and concerns of our residents while striving to exceed the standards and service levels set by the Village of Tinley Park,” Niemeyer said.
