Police recommend locking cars following vehicle thefts, burglaries

In the past few weeks, several vehicles that use the “key fob” system have been stolen in Tinley Park. In all instances, the owners left the key fobs in the vehicles, which prevented the doors from locking and gave thieves easy access to the keys.

Several vehicles also were burglarized, many in the same vicinity as the car thefts. In the vast majority of cases, the vehicles were left unlocked.

The Tinley Park Police Department strongly encourages all vehicle owners to lock their cars and remove the key after parking, and to call 9-1-1 to report suspicious activity.
